PineViewLabResults.xls

Dave:

I created a spreadsheet for the last 4 months of wastewater data from Pineview.....trying to make sense of their noncompliance.

A-Influent and Effluent is the lower field/system, and B-Influent and Effluent is the upper, main system. Same for the monitoring wells (MW-A-2 thru 4, and MW-B-2 thru 4).

(See attached file: PineViewLabResults.xls)
